Metropolitan Edison Company
Mr. R. F. Wilson, Director
TMI-2
P. O. Box 480
Middletown, Pennsylvania 17057

Dear Mr. Wilson

This is in response to your letter GQL 1572 dated December 21 concerning limited use of the Long-Term Staging Facility. We have reviewed your proposed method of operation of the Long-Term Staging Facility on a limited basis, and we basically concur with your approach. However, we have several comments that we would like to see incorporated before use is made of this facility. Our comments and concerns were discussed informally between R. Weller of my staff and J. Barton, Met-Ed, on Friday, December 21.

Sincerely,

John T. Collins
Deputy Director
