GPU Nuclear Corporation
P. O. Box 480
Hiddletown, PA 17057

Dear Mr. Standerfer:

Subject: Equipment Hatch Airlock Removal

Reference: Letter, 4410-85-L-0107, F. Standerfer to B. Snyder, dated
May 15, 1985

In the referenced letter, you submitted additional information regarding the removal of the equipment hatch airlock. We have reviewed this information, including the original Safety Evaluation Report of January 18, 1985, and have completed our safety evaluation. We understand that at this time, you do not plan to remove the equipment airlock for staging defueling equipment into the reactor building. If our understanding is in error or if your plans change on this subject, notify my staff so we can complete our action on this request.

Sincerely,
