Docket No. 50-320

Hr. F. R. Standerfer
Vice President/Director, TMI-2
GPU Nuclear Corporation
P. O. Box 480
Middletown, PA 17057

Dear Hr. Standerfer:

Subject: Use of Polar Crane Auxiliary Hook for Defueling

Reference: GPUN letter 4410-87-0034 dated 3/7/87, F. Standerfer to W.
Travers, Use of Polar Crane Auxiliary Hook for Defueling

The referenced letter described your plans to use the reactor building polar crane auxiliary hook as a stationary rigging anchor point above the reactor vessel. It will serve as an attachment point for a chain fall and rigging used in handling of core debris. We have reviewed your proposal and concur with your conclusion that the proposed activities are within the scope of previously approved activities provided they are performed as described in your letter, you comply with the appropriate load lift height matrix, and exercise all precautions specified in your heavy load handling program.

Sincerely,

original signed by
John Thomas for:
