Docket No. 50-320

Mr. F. R. Standerfer  
 Vice President/Director, TMI-2  
 GPU Nuclear Corporation  
 P. O. Box 480  
 Middletown, PA 17057

Dear Mr. Standerfer:

Subject: Organization Plan Change No. 13

Reference: Letter 4410-86-L-0128, F. Standerfer to W. Travers, TMI-2  
 Organization Plan Revision 13, dated August 15, 1986

We have reviewed your proposed Revision No. 13 to the TMI-2 Organization Plan as discussed in the referenced letter. This revision involves a consolidation of several TMI-2 components to achieve an organization oriented toward the operational nature of the remaining defueling and decontamination activities. It transfers the functions of the Recovery Programs Department to other existing Project Departments, removes the Design Engineering Section from the line organizations, and changes the administrative titles of several positions.

We find that none of the changes will eliminate vital positions or functions and they have the potential to establish a more efficient line organization. We therefore approve your proposed organization plan revision 13. Figure 1.2 as modified by the referenced letter should be substituted for the existing Organization Plan Figure 1.2.

Our approval of Revision No. 13 to the TMI-2 Organization Plan is effective upon your receipt of this letter with the exception of the change in title of the TMI-2 Radiological Controls Director. This change is contingent upon our approval of your Technical Specification Change Request No. 54.

Sincerely,  
 ORIGINAL SIGNED BY:  
 William D. Travers
