Director of Nuclear Reactor Regulations  
Attn: R. H. Vollmer  
Light Water Reactors Branch No. 4  
U. S. Nuclear Regulatory Commission  
Washington, D.C. 20555

Dear Sir:

Three Mile Island Nuclear Station Unit 2 (TMI-2)  
Operating License No. DPR-73  
Docket No. 50-320

In response to your request of July 27, 1979, enclosed please find a copy of revised organization charts describing the following organizations:

- 1) The on-site organization for facility operation
- 2) The on-site organization for radioactive waste management, and
- 3) The off-site organization providing facility management and technical support.

Sincerely,

J. G. Herbein  
Vice President-Generation
