FRIDAY, SEPTEMBER 16, 1983, COMMISSIONERS'
CONFERENCE ROOM, D.C. OFFICE (OPEN TO
PUBLIC ATTENDANCE)

The Commission requested that:

1. The staff consult with the TMI-2 advisory panel to identify the number of subcommittees needed, personnel requirements, resources, scope, tenure and procedures under which they will operate. The staff is requested to submit an independent recommendation to the Commission concerning the need for this additional assistance.

2. The staff consult with the TMI-2 advisory panel and submit for Commission approval alternative methods for providing limited "expert" assistance to the panel without installing another layer of technical review. In this connection, the issues on which the panel requires ACRS assistance and the resources required to accomplish these tasks will be identified.
(EDO) (SECY Suspende: 12/5/83)
3. The staff make the public aware of the high qualifications and credentials of the NRC staff at the TMI site.
