Technical Support	R. Wilson R. Keaton (Alt.)	944-6170 944-4029	774-2721 234-5021
NRC	V. Stello R. Vollmer (Alt.)	782-3950 782-3950	939-9854 Room 122 939-1331 Room 211

- Charter:
1. Assemble in Unit 2 Control Room area in anticipation of deliberate initiation of natural circulation; or as soon as possible following loss of operating RCP.
  2. Provide real time review of available data and advise plant operations relative to proceeding with attempt to initiate natural circulation.
  3. Provide real time review of available data and advise plant operations of appropriate actions to take in the event of unanticipated developments.
  4. Mr. Herbein, or in his absence, Mr. Arnold, shall be the only individuals with decision-making authority, i.e., the only individuals who may direct the plant operators to take specific action.
