

JUN 15 1984

Docket No. 50-320

GPU Nuclear Corporation
ATTN: Mr. B. K. Kanga
Director of TMI-2
P. O. Box 480
Middletown, Pennsylvania 17057

Gentlemen:

Subject: 10 CFR 50.54 QUALITY ASSURANCE PROGRAM DESCRIPTION
(QAPD) CHANGE REVIEW FOR THREE MILE ISLAND, UNIT 2

In accordance with the requirements of 10 CFR 50.54, your letter dated April 17, 1984, forwarded to us Revision 3 to the Recovery Quality Assurance Plan for Three Mile Island, Unit 2.

We have reviewed this submittal and find the proposed changes are acceptable since they do not degrade the previously accepted program. Also, based on a June 13, 1984, telephone conversation between Mr. G. Napuda of our staff and your Mr. B. Ballard we understand that paragraph 3 on page 112 will be deleted from the next revision to the QAPD because the paragraph content no longer applies to your current program.

The effectiveness of your QA program implementation will continue to be the subject of future NRC inspections.

If you have any questions concerning the above, please contact Mr. G. Napuda, (215) 337-5314 of my staff.

Sincerely,

Original Signed By:

for Stewart D. Efrater
Thomas T. Martin, Director
Division of Engineering and
