Docket No.: 50-320

Mr. Robert C. Arnold
Senior Vice President
100 Interpace Parkway
Parsippany, New Jersey 07054

Dear Mr. Arnold:

Re: Reactor Containment Building Atmosphere Cleanup

This is in response to your letter GQL 1416 dated November 13, 1979, subject as above, in which you requested our approval to proceed with purging the TMI-2 Reactor Building. We are currently evaluating your submittal and will be preparing an environmental assessment on this subject. We plan to submit this assessment to the Commission the latter part of January 1980. Until such time as the Commission has approved specific methods for disposition of the Krypton-85 in the Reactor Building, we are withholding approval of your request to purge the TMI-2 Reactor Building.

Sincerely,

Richard H. Vollmer
